## Guidelines on Sustainable Ruminant Feeds and Nutrition Security for Kenya

---

### CHAPTER 4 STRATEGIC INTERVENTIONS TO ADDRESS RUMINANT FEED AND NUTRITION INSECURITY

#### 4.2 Pillar 2: Feed access

Feed access to ruminants can be influenced by physical, social and economic factors. The following are the strategic interventions to address the challenges of feed access to ruminants:

##### 4.2.1 Intervention 1. Enhance physical access to feeds

- i. Establishment of road networks to improve on feed transportation and security
- ii. Establishment of information and communication platforms for data and information sharing
- iii. Establishment of feed centres in remote areas where farmers can access adequate feeds
- iv. Improvement on feed contingency plans in case of disruption; and establish grazing plans
- v. Establishment strategic water infrastructure
- vi. Water trucking to enable use of idle pastures in the rangelands
- vii. Improvement of security to enable access to far flung areas
- viii. Establishment of conflict resolution mechanisms
