Sustainable Agricultural Livelihood Restoration, Rehabilitation and Resilience in Kenya

Guidelines on Sustainable Ruminant Feeds and Nutrition Security for Kenya

CHAPTER 4 STRATEGIC INTERVENTIONS TO ADDRESS RUMINANT FEED AND NUTRITION INSECURITY

4.5.2 Key Recommendations

- i. Consult with local agricultural extension services, veterinarians, and livestock experts.
- ii. Effective management of livestock during the drought cycle is crucial.
- iii. Understanding the five stages and appropriate interventions is key.
- iv. Collaboration with local experts ensures tailored solutions for specific conditions.
- v. All interventions should be tailored to sustainable feed supplies geared towards farmer resilience building
