Sustainable Use of Grassland and Rangeland Resources for Improved Livelihoods

23rd - 29th October 2021

**THE JOINT INTERNATIONAL GRASSLAND AND INTERNATIONAL RANGELAND
VIRTUAL CONGRESS**

KENYA 23 - 29 OCTOBER 2021

VIRTUAL EXHIBITION PROSPECTUS.

The organizing committee of the Joint XXIV International Grassland and XI International Rangeland Congress invites you to be part of the world's largest and most significant international grassland/rangeland Congress covering various aspects including grass and range ecology, forage production and utilization, tourism and wildlife, climate change, pastoralism, gender and youth). The Joint Congress will be hosted virtual by Kenya from 23rd to 29th October 2021. It will bring together many people (scientists, policy makers, extension workers, farmers, pastoralists, ranchers, academia, students, civil society, conservationists, etc.) with various interests in rangelands and grasslands from all corners of the globe.

This will be the first time the Joint IGC-IRC is hosted in Africa. It will therefore provide a rare opportunity to showcase the unique tropical savannah grassland and rangeland ecosystems and their mesmerizing wildlife, livestock production systems, culture, Research & Development and management techniques to an international audience.
