## SECTION 1: LEAD INSTITUTION PARTICULARS

1.1 **LEAD INSTITUTION:**

1.2 **Principle Investigator:**  
*Name: Martin Kiogora Mwirigi*

1.3 **Mailing Address:**  
P.O. Box 14733 – 00800 Nairobi Kenya

1.4 **E-Mail Address:**  
[Martin.Mwirigi@kalro.org](mailto:Martin.Mwirigi@kalro.org) / [kiogoramk@yahoo.com](mailto:kiogoramk@yahoo.com)

1.5 **Collaborators:**  
Dr. Stella Makokha  
Mr. Anderson Wambugu  
Dr. Harrison Lutta  
Dr. Purity Nguhiu  
Mr. Willis Adero  
Dr. Jones Mutua

## SECTION 2: PROJECT PARTICULARS

2.1 **THE PROJECT TITLE:**  
GA02-2/4: Enhancing Goat Market in Kajiado and Taita-Taveta Counties through improved Contagious Caprine Pleuropneumonia vaccine and diagnostics

2.2 **KCSAP Thematic Area:** Climate Smart Livestock & Aquaculture

2.3 **Value Chain:** Red Meat (Goat)

2.4 **Location (Area):** Kajiado and Taita Taveta Counties

2.5 **Duration in Years:** - (Not more than 3 Years)  
- **Date of Commencement:** October, 2019  
- **Expected Date of Completion:** October, 2021  
- **Total Duration in Months:** 24

2.6 **Total Cost of the Project (KES):** KES. **20,158,900**

2.7 **Date of Submission:** 8th October, 2019

## SECTION 3: PROJECT BODY NARRATIVE

3.1 **Executive Summary:**  
This is a collaborative project between Kenya Agricultural and Livestock Research Organization, Kenya Veterinary Vaccine Production Institute and Kenya University. The project aims at enhancing production and market access of goats in Kajiado and Taita Taveta Counties. An improved Contagious caprine pleuropneumonia (CCPP) vaccine and a diagnostic test will be validated and promoted to goat keepers in the study counties. Goat keepers and animal health workers will be trained on control and management of CCPP. The project will be carried out for two years at a cost of KES. **20,158,900.**
